

MAXCESS®

UPGRADE TO AN LED LIGHT SOURCE TODAY!

Longer Life and Less Maintenance- The H3257 is based on LED technology, which on average lasts more than six times longer than fluorescent bulbs, significantly decreasing maintenance time and promoting higher levels of uptime

Consistent- Temperature variation is four times less than fluorescent-based solutions due to enhanced technology

Decreased Energy- LED technology is more energy-efficient than fluorescent technology

Upgrading to the H3257 light source will help you decrease maintenance time and energy consumption while maintaining a consistent lighting solution.

H3257 24.5" - \$2,300

47" - \$2,875

92" - \$3,450

Visit www.fife.com to see how the H3257 can improve your operation, or call 800.639.3433 to schedule an appointment with your local contact.
