

FREE EVALUATION  
THROUGH MAY 31, 2017!

## AIR SHAFT REPAIR- 3 LOCATIONS TO SERVE YOU!

The Maxcess Repair Centers are ready to help our customers keep plant personnel safe, minimize downtime and reduce freight costs by expediting any air shaft repair you may require

- Free standard air shaft inspection through May 31, 2017
- Ability to turn around a standard air-system tune up within 48 hours if needed
- Full repairs of any  or  air shaft
- Ability to replace air systems in many other brands as well
- If shaft can't be repaired to the standards required, we will quote a replacement shaft based on your application
- Three strategic repair locations across the USA- Camas, WA (Western), Neenah, WI (Central) and Keene, NH (Eastern)

Please don't hesitate to call us anytime with questions or to request an RMA to send a shaft in for your free evaluation.
