

Maxcess is pleased to introduce our newest innovation, Componex and WEBEX Plasma Coatings. From the most trusted brands in web handling comes a series of coatings worthy of the name. Our coatings offer the superior release/nonstick and traction properties you expect, with competitive pricing and lead times you deserve.

Componex and WEBEX Plasma Coatings are available with a variety of proprietary polymers offering excellent release with adhesives and inks, resistance to chemical attack, and wear and abrasion resistance. Choose from available coatings that are safe for intended use, per applicable US FDA contact regulations.

Varieties Available For:

- Excellent Adhesive, Ink & Coating Release
- Superior Durability with Release Properties
- Able to Withstand Temperatures up to 450°F
- Wear and Abrasion Resistance
- Resistance to Chemical Attack
- Eliminate Air Entrapment
- Low Friction

	Min	Max
Surface Roughness	200 Ra	600 Ra
